

Letter of Application – Smart Product Trial of Energy-Saving Missions

To test out if use of smart product helps saving more energy for smart meter customers, CLP and ZHEJIANG TUYA SMART ELECTRONICS CO. LTD (Smart Device Developer) work together to offer free trial of Smart Selects Smart Remote Control to selected smart meter customers and let participants enjoy the full benefits of smart technology applications while earning extra rewards from taking part in the Energy-Saving Mission.

Participants must fulfil below requirements and participate in Energy-Saving Missions, accept its corresponding programme details, and sign this agreement to acknowledge your acceptance. The agreement is extracted from the programme details.

1. Each registered address can apply ONE Smart Selects Smart Remote Control for free trial, which is only applicable at the registered address.
2. Participant's registered address has an air conditioner with LCD screen infrared remote control in living room; and able to install Smart Selects Smart Remote Control and pair it to the above air conditioner.
3. Participants should control and regulate the above air conditioner by using the Smart Selects Smart Remote Control, keep the Smart Selects Smart Remote Control powered on, connected to the internet, and paired to the air conditioner until the end of the Events.
4. Participants shall be entitled extra 100 Eco Points for each unit of electricity saved only if they allow CLP and Smart Device Developer to control the above air conditioner at the registered address, via Smart Selects Smart Remote Control to finish the Events within the specified hours.
5. Participants must complete download CLP Hong Kong App and binding with CLP Online Account registration, download and register the Smart Selects App and complete product setting. Participants must ensure that their computer or mobile phone can receive news, date or timing of the Events via SMS, app push or email from CLP App and the Smart Selects App.
6. If participants withdraw from the Scheme or stop Smart Selects Smart Remote Control internet connection or pairing with the air conditioner or use it out of the registered address or lose the product or whatever reasons leading to failure of completion of or taking part in the Event or Scheme, they will be disqualified. All extra entitlement will be suspended immediately.
7. Participants agree to allow CLP to provide their electricity consumption data of the registered address to the smart product suppliers for electricity usage, pattern and efficiency analysis. Such data will be kept for 12 months after the end of the Scheme to find out any change of consumption behaviour.
8. Participants agree to allow and Smart Device Developer to provide their electricity consumption data of the registered address to CLP. Such data will be kept for 12 months after the end of the Scheme to find out any change of consumption behaviour.
9. To encourage customers achieving continuous energy saving, the Scheme has been upgraded to one of the CLP regular activities. If participants wish to opt out from the Scheme, please contact 26780555 or email to roadshow@clp.com.hk.
10. For any product enquiry about Smart Selects Smart Remote Control, please email smart.selects@clpsec.com or call 6030 3856.
