SUPPLY ADDRESS

To CLP Power,

I confirm that I have obtained the agreement from the Owner(s)\* of the rising mains, \_\_\_\_\_ for the connection of the electrical installation with a new electricity demand of phase \_\_\_\_\_ amperes (total demand) and my electric vehicle charging facilities to the owner(s)' rising mains. I understand that I have to employ a registered electrical contractor to carry out the work, and should the new installation affect the safety and stable operation of the existing power supply system, I am fully responsible for the reinstatement work to revert to its original electricity demand of \_\_\_\_\_ phase \_\_\_\_\_ amperes by the date specified by your Company.

Signature/Chop of the Owner(s) of the rising main :  
 ( BOTH signature and chop required for ORGANIZATIONS )

I understand and agree that

- 1) the energy consumption (kWh) registered by CLP Power revenue meter for the electric vehicle charging facilities will be shown on the electricity bill of the electricity account of the Owner(s) (Account No. \_\_\_\_\_ ) and deducted from this electricity account of the Owner(s) and the amount charged for such energy consumption shall be payable by me and
- 2) no demand charge (kVA) will be deducted from that electricity account (if applicable\*).

Signature/Chop of the electricity account Owner(s) :  
 ( BOTH signature and chop required for ORGANIZATIONS )

I understand that any installation work that will be carried out in relation to the connection of my electric vehicle charging facilities shall be solely for the purposes of electric vehicle charging inside a residential building and shall not be used for any electricity resales. In the event the installation is used for other purposes, the installation shall be removed at my own costs and CLP Power reserves all rights to recover any loss, damages, costs, charges and expenses arising out of or in connection with such use of the installation.

## **Code 18 ALTERATIONS AND ADDITIONS**

### **18A Requirements for Alterations or Additions to a Fixed Installation**

- ( a ) For any alteration or addition to an existing fixed installation, the registered electrical worker responsible for the work should :
  - ( i ) carry out the alteration or addition in compliance with the Wiring Regulations,
  - ( ii ) verify that the alteration or addition does not impair in any way the safety of the existing installation, and
  - ( iii ) verify that new colour cables are installed in compliance with the requirements in Appendix 18.
- ( b ) For the purposes of subparagraph (a) above, the following essential items should be checked and ascertained by the responsible registered electrical worker :
  - ( i ) the total current demand for the installation after the alteration or addition should not exceed the approved loading ,
  - ( ii ) the ratings and the conditions of the existing electrical equipment of the affected parts are suitable and adequate for the altered circumstances, and
  - ( iii ) the protection against overcurrent, earth fault currents and dangerous earth leakage currents for the affected parts is altered as necessary for the altered circumstances.
- ( c ) In the case of an alteration or addition to an installation which is connected to rising mains, the owner of the installation should, before commencing any alteration or addition, obtain agreement from the owner of the rising mains by completing form “Confirmation of Agreement from Owner of Rising Mains for Connection of Electrical Installation with an Increased Current Demand ” provided by Electricity Supplier if the new current demand of the installation after the alteration or the addition will exceed the existing approved loading before the alteration or addition is carried out on the installation.

### **18B Approval from the Electricity Supplier**

Any person who wishes to have his electricity supply increased over and above the approved loading, or extended beyond the premises to which the supply is originally intended, should obtain prior approval from the electricity supplier concerned before any alteration or addition is carried out.

**CONFIRMATION OF AGREEMENT**  
**From Owner(s) of Rising Mains for Connection of Electrical Installation**  
**(Electric Vehicle Charging Facilities) with an Increased Current Demand/  
Deduction of Consumption from Account Owner (Optional)**

(Ev Charger) Carpark No B008, Tin Ming Building, 498 Hung To Road, Kwun Tong

To CLP Power,

I confirm that I have obtained the agreement from the Owner(s)\* of the rising mains, Chan Tai Man (Chairperson) or (Building Management Company) for the connection of the electrical installation with a new electricity demand of 3 phase 100 amperes (total demand) and my electric vehicle charging facilities to the owner(s)' rising mains. I understand that I have to employ a registered electrical contractor to carry out the work, and should the new installation affect the safety and stable operation of the existing power supply system, I am fully responsible for the reinstatement work to revert to its original electricity demand of 3 phase 60. **This is the current load and must be lower than the value of the new electricity demand. (If it is a new electricity application, you can leave this box blank)**
